

Dear Clients and Partners,

Like the rest of the world, we continue to monitor the latest information available to navigate the developments regarding COVID-19. We are working to keep both our clients and team safe and want to share a few of our adjustments as we continue to operate in our industry.

The Studio is open by appointments. Please call to schedule to allow us to maintain CDC & community guidelines for crowds. We are not currently checking out any materials from our library, but we are happy to order any samples and have them drop shipped to you directly if available from our vendors. We will communicate with you directly on completed projects for pick up or delivery to best accommodate you.

Many of our vendors throughout the globe are in various states of reduced production to mandatory shutdowns. If you have materials on order, we will continue to update you on the status, and place your project back into the fabrication line up as soon as received. We ask for your patience as we are also in limbo with orders in progress, and our vendors moving to remote support.

Annie Sloan Chalk Paint® continues to be a daily seller. New inventory is on it's way to us. Should you need supplies during this time, feel free to call ahead or email to order sm904services@gmail.com for pick up. If you feel more comfortable, we can invoice you online and we will bring your purchase out to you.

If you are at home, bored, tooling around on Pinterest or Insta, shoot us a pic of what you are dreaming up. We are still here behind the scenes, happy to answer any questions and source your interior design needs.
